

Name:

## Dynamo Coil Descaler

Product Code:

**4002**

### Description:

Dynamo Coil Descaler is a red, acidic cleaning solution whose main ingredient is hydrochloric acid (30%-40% by weight). It may be applied to various types of metal equipment, such as hot water heating coils and water tanks, to eliminate mineral scale. It is also formulated to prevent etching on ferrous metals.

### Benefits:

- Nonflammable
- Low instability
- Low fuming
- Industrial strength

### Applications:

- Dynamo Coil Descaler will effectively abolish mineral scale from heating coils, water tanks, and other types of machinery that may experience scale buildup.
- It should be circulated within heating coils for approximately 30 minutes.
- Dynamo Coil Descaler should not be poured into heating coils quickly- it should be added slowly, a small amount at a time.
- For more detailed directions on how to safely use Dynamo Coil Descaler, please consult the instructions sheet.

### Product Information:

Concentrate Mixed

Part No.	Size	Weight
4002-1	4x1 Gallon Case	40 lbs.
4002-5	5 Gallon Pail	50 lbs.

### Technical Data:

Color:	Red
Odor:	Acerbic
pH:	≤ 1

### Safety:

Contains Hydrochloric Acid

Keep out of reach of children. Do not handle until all safety precautions have been read and understood. Use eye, face, and rubber glove protection when handling these contents. Do not store at temperatures above 120 ° F. Do not allow to freeze. For industrial use only.
