

Name:

Eco-Barrier

Product Code:

4003

Description:

Eco-Barrier is a straw-colored, slightly acidic cleaning product. It can be used to expel mold and mildew odors, as well as the mold and mildew themselves, from a number of exterior surfaces. It can also inhibit mold and mildew from returning. Additionally, Eco-Barrier may be utilized as a cleaning additive by administering to the desired surface after a cleaning solution has been applied.

Benefits:

- Ready-to-use, no dilution required
- Can be used as a cleaning solution or a post-cleaning solution

Applications:

- Eco-Barrier is a cleaner that will expel mold, mildew, and their odors from outdoor surfaces, as well as hamper their ability to grow back.
- Eco-Barrier may be administered, without dilution, using a sponge, towel, or hand sprayer/fogger, then left to dry.
- It should be spot tested in a small location to ensure it is appropriate for the given surface.
- Depending on the humidity and other environmental factors, Eco-Barrier will remain effective for anywhere from 6 to 36 months.
- Eco-Barrier should not be used with pressure washers, and should not be applied to ductwork, HVAC filters, pumping systems, or heating coils.

Product Information:

Concentrate Mixed

Part No.	Size	Weight
4003-5	5 Gallon Pail	50 lbs.
4003-55	55 Gallon Drum	490 lbs.

Technical Data:

Color:	Straw
Odor:	Characteristic
pH:	6 - 7

Safety:

This product is not regulated by DOT.

Keep out of reach of children. Do not handle until all safety precautions have been read and understood. Use eye, face, and rubber glove protection when handling these contents. Do not store at temperatures above 120 ° F. Do not allow to freeze.
