

Name:

Magic Mirror Brightener

Product Code:

4010

Description:

Magic Mirror Brightener is an acidic, green liquid whose main ingredient is phosphoric acid (30%-40% by weight). It cleans aluminum and stainless steel surfaces, removes any oxidation and corrosion from them, and gives them a shiny, mirror-like finish. It may also be utilized on glass and painted surfaces.

Benefits:

- Nonflammable
- Highly concentrated formula

Applications:

- Magic Mirror Brightener is a cleaning and polishing solution that is safe to use on a number of different materials, including stainless steel, aluminum, glass, and painted surfaces.
- Before use, Magic Mirror Brightener should be diluted by mixing 4 ounces of solution with 1 gallon of water. It may be used at higher concentrations, or even without dilution for extremely dirty surfaces.
- Magic Mirror Brightener should be applied to pre-cleaned surfaces from bottom to top using a pressure washer, automatic washer, or brush.
- It should be left to sit for several minutes, then rinsed off.
- Magic Mirror Brightener should not be permitted to dry before rinsing off.

Product Information:

Concentrate Mixed

Part No.	Size	Weight
4010-1	4x1 Gallon Case	40 lbs.
4010-5	5 Gallon Pail	50 lbs.
4010-55	55 Gallon Drum	505 lbs.

Technical Data:

Color:	Green
Odor:	Characteristic
pH:	<2

Safety:

Contains Phosphoric Acid

Contains Glycolic Acid

Keep out of reach of children. Do not handle until all safety precautions have been read and understood. Use eye, face, and rubber glove protection when handling these contents. Do not store at temperatures above 120 ° F. Do not allow to freeze.
