

Tidal Washers

Name:

Parts Metal Magic

Product Code:

4013

Description:

Parts Metal Magic is a white-colored cleaning powder. Its main ingredients include calcined soda (20%-30% by weight), disodium oxosilanediolate (20%-30% by weight), triphosphoric acid/sodium salt (10%-20% by weight), sodium lauryl benzene sulfonate (1%-5% by weight), and 2-butoxyethanol (1%-5% by weight). Parts Metal Magic can be employed to remove dirt, oil, and grease from a variety of metals, including aluminum and brass. It is formulated for use in hot vats and high-pressure spray cabinets.

Benefits:

- Contains 2% citric solvent, which gives off a pleasant citrus scent
- Nonflammable
- Low instability

Applications:

- Parts Metal Magic is a cleaning powder that may be used in conjunction with high-pressure spray cabinets and hot vats to expel dirt, oil, and grease from metal parts.
- The water in the cabinet or vat should be at about 160° F before use. \
- Depending upon the required amount of cleaning, utilize between 2 and 8 ounces of powder for each gallon of water.
- Use the machine's agitator to incorporate the powder into the water.
- The length of time that the metal parts should be left in the chemical solution will depend on the water's conditions and the level of soil on the metal.

Product Information:

Concentrate Mixed

Part No.	Size	Weight
4013-5	5 Gallon Pail	45 lbs.
4013-55	55 Gallon Drum	470 lbs.
