

Name:

Tidal Concrete Delete

Product Code:

4023

Description:

Tidal Concrete Delete is a yellow, acidic solution that primarily consists of phosphoric acid (60%-70% by weight) and a blend of proprietary surfactants (1%-5% by weight). It effectively removes concrete from a number of different materials. Its phosphoric-acid-based formula is much gentler than those containing hydrochloric acid. This allows Tidal Concrete Delete to expel concrete from surfaces without damaging them.

Benefits:

- Safe to use for daily cleaning on most surfaces
- Nonflammable

Applications:

- Tidal Concrete Delete is a solution that can be employed to clean concrete buildup off of hard surfaces.
- Before use, dilute Tidal Concrete Delete to a 1:10 ratio.
- After administering to the desired surface, let sit for 2-3 minutes, then brush and rinse well.
- Tidal Concrete Delete may be used to clean the cab of a truck periodically but should not be applied daily.

Product Information:

Concentrate Mixed

Part No.	Size	Weight
4023-1	4x1 Gallon Case	40 lbs.
4023-5	5 Gallon Pail	50 lbs.
4023-55	55 Gallon Drum	530 lbs.

Technical Data:

Color:	Yellow
Odor:	Characteristic
pH:	<2

Safety:

Contains Phosphoric Acid

Keep out of reach of children. Do not handle until all safety precautions have been read and understood. Use eye, face, and rubber glove protection when handling these contents. Do not store at temperatures above 120 ° F. Do not allow to freeze.
